JSE IDP FTP SERVER SECURITY CERTIFICATE EXPIRY – EFFECTIVE THURSDAY 16 JANUARY 2020

Clients are advised that the JSE will be renewing the IDP server security certificate, in line with IT Security best practice.

The existing server security certificate is expiring on Friday, 17 January 2020. The new security certificate will be implemented on Thursday, 16 January 2020 at 22:30 SAST before the delivery of the All Africa and BDA dissemination files.

Post the implementation clients will be required to accept the new certificate when accessing the IDP service. Clients are urged to test connectivity to the IDP service during the course of the Thursday and Friday.

We apologise for any inconvenience this may cause.
