NUTRON REPO REPORTING REFORM PROJECT

The JSE will bring up the Nutron system on Saturday, 15 March 2025 for the duration of the day for the purpose of performing JSE Internal Testing only. We request that all IRD BONDS users ensure that their production systems are shut down prior to the system start-up (preferably the evening before the scheduled change), to ensure they do not receive and process any test data.

For clarity, there is no need for IRD BOND users to participate in any of the Saturday testing procedures.

The JSE appreciates your co-operation in this regard.
