JSE RELEASE 7.8 - MIT UPGRADE 2026 OVERVIEW

This Service Hotline serves as notification of Release 7.8, also referred to as the Next Functional Release, on the JSE client portal for reference.

This next release supports the continuous improvement and stability of the JSE trading system. A summary of enhancements is attached to this Service Hotline.

Further information will be communicated in due course, including deployment timelines for the test environments, production go-live dates, and updated API documentation.

The summary of the release can be found on the JSE Client Portal under the Technical Library here: **https://clientportal.jse.co.za/technical-library/trading-and-market-data-documentation**

We thank you for your co-operation. Should you have any questions or require assistance regarding this announcement, please contact the Client Service Centre on +27 11 520 7777 or **customersupport@jse.co.za**
