9 January 2018

IDP SECURITY CERTIFICATE EXPIRY - EFFECTIVE 20 JANUARY 2018

Clients are advised that the JSE will be renewing the IDP server security certificate, in line with IT Security best practice. The existing server security certificate is expiring on 20 January 2018.

The new security certificate will be implemented on Friday, 19 January 2018 at 22h00 SAST before the delivery of the All Africa, International Benchmark Indices and BDA dissemination files.

Post the implementation clients will be required to accept the new certificate when accessing the IDP service.

Clients are urged to test connectivity to the IDP service during the course of Saturday, 20 January 2018.

We apologise for any inconvenience this may cause.
