

## SERVICE HOTLINE

**Number:** 033/2026  
**Date:** 16 March 2026

**Issued By:** SENS Office  
Information Services

### REPLACEMENT AND ENHANCEMENT OF THE JSE STOCK EXCHANGE NEWS SERVICE (SENS)

Clients are advised that the JSE has commenced a project to replace and modernise its **Stock Exchange News Service (SENS)** solution. The objective of this initiative is to address evolving business and technology needs, as well as client requirements and known pain points.

The changes introduced by this project will primarily impact stakeholders who interact directly with the SENS submission and authorisation system, namely **Sponsors and Issuers**. Importantly, the **formats and dissemination channels of SENS announcements will remain unchanged**.

The project is currently underway internally at the JSE, with a **provisional go-live planned for Q3 2026**. Engagement with clients will commence in the coming months to collaborate on key areas of client impact.

**Client testing**, primarily involving Sponsors and Issuers, is planned to take place between **June and August 2026**. **Live Data and End-of-Day subscribers** will be encouraged to participate in limited regression testing during scheduled dress rehearsals

A project kick-off webinar will be scheduled at a later stage to present an overview of the initiative, highlight anticipated client impacts, and outline provisional milestones. Further written communication will follow closer to testing to confirm dates, logistics, and participation details.

Should you have any queries, please don't hesitate to contact us at [SENSProject@jse.co.za](mailto:SENSProject@jse.co.za)
