### RESTATEMENT OF LOW-PRICE, 19 JANUARY 2026 AND 10 MARCH 2026

The JSE would like to bring to your attention that the low prices reflected for Monday, 19 January 2026, and Tuesday, 10 March 2026 in the Free-to-Air and Commodity Derivatives Non-Live Market Data Product (AD.zip) end-of-day dissemination files were incorrect.

The root cause and its impact on the affected data have been identified, and the issue resulted from a manual processing error, whereby reversed mis-trades were inadvertently included in the statistical calculations.

While the affected end-of-day dissemination files will not be reproduced, appropriate improvements have been made to our internal processes and controls to help prevent a recurrence.

For your reference, the table below presents the correct low prices applicable to the respective dates.

Date	Expiry	Incorrectly Published Low Price	Correct Low Price
19 January 2026	Jan26 WEAT	R4,000.00	R5,770.00
