REVISED GO-LIVE AND TEST CYCLE - TRADING SYSTEM MARKET START UP EVENTS NOTIFICATIONS

Further to the Service Hotline [Service Hotline 035/2026](tel:0542026), the JSE would like to inform you of the revised Test Cycle and Go-Live dates. The test cycle has been extended to **24 April 2026**, and the new production Go-Live date for the enhancement is **Tuesday, 28 April 2026**.

During the test cycle, all API users are encouraged to assess whether their trading applications rely on the **closing open order period count down notifications** for initial order entry and adjust their message handling accordingly.

Summary of key test information

- Customer Test Service (CTS) environment for client testing is available between 09h30 until 23h00 daily.
- The test cycle is between **23 March to 24 April 2026**
- Signoff must be sent to the JSE by emailing commodities@jse.co.za by close of business on Thursday, 23 April 2026.
- Test scenario guidelines and sign off checklist is attached for further details.

Functional Testing

Software providers and own solution development firms are mandated to test during the scheduled test cycle to ensure successful conformance and implementation.

The change will go live in production on **28 April 2026**.

The JSE remains committed to ensuring a stable and fully operational market and we appreciate your continued collaboration in this regard.
