Number: 070/2026
Date: 27 May 2026

Name and Surname: Martin Koch
Designation: Head - Trading Operations

JSE TRADING AND INFORMATION SYSTEM UPGRADE - RELEASE 7.8 (UPDATE)

Following our previous communication regarding [Release 7.8 \(MIT Upgrade 2026\)](#), this Service Hotline provides the confirmed deployment timelines and access details for the updated technical specifications.

The MIT Upgrade 2026 will be deployed to the Customer Test Service (CTS) environment and Staging (ETE) environment effective for 1 June 2026. This deployment affects the Equity Market (**EQM**), Equity Derivatives Market (**EDM**), and Currency Derivatives Market (**FXM**).

The finalized specifications and API documentation are now available. These documents incorporate the enhancements previously outlined and are in the Next Functional Release section of the JSE Client Portal.

The finalized specifications and API documentation are now available. These documents incorporate the enhancements previously outlined and are in the **Next Functional Release** section of the JSE Client Portal.

The updated specifications and API documentation can be found on the JSE Client portal under the Technical Library here: <https://clientportal.jse.co.za/technical-library/trading-and-market-data-documentation>

Further communication regarding Production go-live dates will follow in due course.
