### TRADING SYSTEM RELEASE 4.5 B REVISED TESTING CYCLE and GO-LIVE DATE

With reference to [Service Hotline 068/2026](#), the JSE would like to inform participants that, due to defects identified during the recent testing cycles, a decision has been taken to redevelop the solution. This approach will ensure the fix meets the required quality standards and delivers a stable and reliable outcome for all participants.

As a result, the previously communicated timelines of Monday, 1 June to Friday, 19 June 2026, are no longer applicable.

The redevelopment process is underway, and we remain committed to fully addressing the identified issues.

Further updates will be communicated in due course, including revised testing timelines and the new go-live date.

We appreciate your understanding as we work to deliver a reliable solution.
