LIVE UPDATE STATUS FOR THE FTSE/JSE SA FINANCIALS (J580) INDEX

We would like to advise on the status change for the FTSE/JSE Financials (J580) index from Monday, 12 April 2021. As communicated previously, the index remained live, but was inactive until we are now able to provide index data again which will happen from Monday, 12 April 2021.

Therefore, constituents, index values and statistics will be disseminated for the J580 index from Monday, 12 April 2021.

The J580 index data will be added to the following csv format index products, as well as the fixed width index product (I-File):

- Constituent product – zaco
- Valuation Product – zaiv
- Opening constituent product – zaoo
- Tracker – zatr
- Five day Tracker – zatf

As per the [index mapping](#) document available on the ICB Project section on the JSE website, the current J580 should have been mapped as set out in the table below:

Current Index			New/Enhanced Index			
Index Code	ICB Codes	Index Name	Index Code	ICB Codes	Index Name	Mapping
J580	8000	FTSE/JSE Financials	J580	30;35	FTSE/JSE SA Financials	No Code Changes
J580	8000	FTSE/JSE Financials	J10030	30	FTSE/JSE Financials	One to One

The FTSE/JSE Financials (J580) index was linked to the new FTSE/JSE Financials (J10030) index on 23 March 2021 and J10030 went live on this date.

However, the existing J580 index was not continued on 23 March 2021, as the FTSE/JSE SA Financials (J580) index, but will now be resumed (with a name change, but no code change) on Monday, 12 April 2021.
