Indices and Equities - Field length changes on specific fields in the EOD files

Clients are to take note of a number of field length changes which are relevant to specific end of day FTJSE/JSE indices fields, SRI indices fields and Equities fields.

FTSE-JSE InfoMax User Manual Version 1.20 (FTSE/JSE Indices)

- Extend Index Code field length to 6 characters
- Extend Index Alpha Code field length to 6 characters
- Extend Index Marker field length to cater for 6 character Index Codes
- Extend Index Value field length to 18 (10.8) characters
- Extend Total Return Index Value field length to 18 (10.8) characters
- Extend Capital Index Value field length to 18 (10.8) characters
- Extend Market Capitalisation field length to 14 characters

JSE SRI User Manual Version 1.5 (JSE Indices)

- Extend Index Code field length to 6 characters
- Extend Index Marker field length to cater for 6 character Index Codes
- Extend Total Return Index Value field length to 18 (10.8) characters
- Extend Capital Index Value field length to 18 (10.8) characters

InfoMax User Manual Version 4.16 (Equities)

- Extend Market Capitalisation field length to 14 characters

Please note that all changes to record types and fields are tracked in the attached user manual specifications for ease of reference.

Please note that these changes will be effective from the 17th November 2014.
