Problem experienced with publication of the 3pm MTM Valuation file for 31 July 2014

Clients are advised that a problem was unfortunately picked up with the publication of the MTM Valuation file at 3pm on Wednesday, 30 July 2014.

While the file was created, it took some time to resolve the problem and could unfortunately not be placed on the server as it would have overwritten the 5pm file.

The file has been attached to this notice for the convenience of clients.
