### Equity Market Enhancement Release

Clients are advised of the following enhancements that will be introduced to the Equity Market Trading and Information services. These enhancements will be implemented in the Customer Test Service (CTS) first to allow clients to test and conduct conformance prior to implementation in the production environment.

The enhancements are:

- Introduction of the Excluding Hidden Limit (EHL) order attribute
- Publication of rounded closing prices
- Disabling Hidden Limit Orders from participating in the Closing Price Cross (CPX) session

The proposed implementation schedule is as follows:

Date	Activity
Monday, 25 August 2014	Updated Services documentation available on JSE web Enhancements implemented in CTS
Monday, 8 September – 24 October 2014	Conduct Conformance. Cut-off for all conformance testing Friday 24 October 2014
Monday, 10 November 2014	Production Go Live

Please refer to the attachment for a high level explanation of the enhancements. A detailed guidance note on EHL will be published in due course.
