JSE INTERNAL TECHNICAL RESILIENCE TEST – 19 AND 20 AUGUST 2017

Clients are advised that the JSE will be conducting an internal technical resilience test in the production environment on **19 and 20 August 2017**. During this test the JSE trading and information systems for all markets will be brought up and test data may be published to clients.

All clients who connect directly to the JSE are requested to ensure that their **production systems are shut down** during the weekend to **prevent the receipt and processing of any messages published during the test**.

In addition please note the following:

- End of Day Data subscribers are advised to download their end of day files prior to **08h00** on **Saturday, 19 August 2017**; alternatively files can be downloaded on **Sunday afternoon, 20 August 2017** from **14h00**.
- Please note that BDA services will be **interrupted** on **Saturday, 19 August 2017** between 10:00am and 12:00pm.

Should you experience any problems over the weekend, please contact Customer Support on the after-hours numbers **+27 11 520 7900** or **+27 83 611 9315**.
