AVAILABILITY OF EQUITY MARKET END OF DAY MONTHLY DATA RECORDS FOR WED 30 SEP 2015

The JSE has been working at producing the monthly statistical data records for the month of September which were unfortunately not provided on 30 September 2015.

The JSE would like to inform clients that the monthly records have been produced and have been included in a replacement E.zip data for 30 September. The replacement file has been placed on the IDP server with the appropriate date suffix for the benefit of those clients that subscribe to the monthly data records.

The JSE thanks the impacted monthly data record subscribers for their patience.
