REAL-TIME CLEARING (RTC) UPGRADE TO VERSION 1.38.0 | REMINDER

Further to [Service Hotline 111/2024](#) issued on 7 August 2024 clients are reminded of the Real-Time Clearing system upgrade to version 1.38.0

Trading Member testing in the staging environment (ETE) is not mandatory, however we do encourage trading members to test their software and/or ensure you make the necessary arrangements with your software provider to ensure your software aligns with RTC version 1.38.0 in preparation for **go-live on Monday, 18 November 2024**.

You are required to confirm your readiness for go-live to CMProjects@jse.co.za by close of business 5 November 2024.

The following updates are included in this release.

Technology upgrade Java and Operating system upgrade

There are no changes to existing EMAPI messages and no new messages.

Billing change (FX Derivatives)

Member allocations of roll trades with subsequent position accumulation will have a 50% discount applied.

We thank you for your continued support and effort in delivering this initiative.
