### INTEGRATED TRADING AND CLEARING (ITaC) PROJECT 1a EQUITY MARKET UPGRADE INTERNAL DRESS REHEARSAL – 30 JULY 2016

Clients are reminded that the ITaC Project 1a Internal Dress Rehearsal is scheduled to take place this Saturday, 30 July 2016.

The JSE will conduct internal testing in the production environment prior to the market facing dress rehearsals to prove the ITaC deployment approach as well as to ensure all downstream integration and interfaces within the JSE function correctly.

Participation in this internal dress rehearsal is **OPTIONAL**. Clients wishing to participate in this test are welcome to contact the Client Services Center (CSC) on 011 520 7777 or [CustomerSupport@jse.co.za](mailto:CustomerSupport@jse.co.za)

Clients not participating in the test must ensure that their production systems are **shut down** prior to the system start-up (preferably the evening before the scheduled change), to ensure that they do not receive and process any test data.

The JSE appreciates your co-operation in this regard.
