## JSE CLIENT TECHNICAL CONNECTIVITY TEST – 30 SEPTEMBER 2017

Clients are advised that the JSE will be conducting an internal technical connectivity test. Clients participating in the connectivity test will connect to the DR site and access the JSE production systems on 30 September 2017.

During this test the JSE Equity Market will be brought up and test data may be published to clients.

All clients who connect directly to the JSE are requested to ensure that their production systems are shut down during the weekend to prevent the receipt and processing of any messages published during the test.

In addition please note the following:

- End of Day Data subscribers are advised to download their end of day files prior to **08h00 on Saturday, 30 September 2017**; alternatively files can be downloaded on **Saturday afternoon, 30 September 2017** from **13h00**.
- Please note that BDA services will be interrupted on **Saturday, 30 September 2017** between 08:00am and 13:00pm.

Should you experience any problems over the weekend, please contact Customer Support on the after-hours number **+27 11 520 7900** or **+27 83 611 9315**.
