UPDATE ON PROBLEMS WITH EQUITY MARKET END OF DAY DATA PRODUCTS ON 30 NOVEMBER 2015

Due to a technical problem on the evening 30 November 2015, the production of the Late Equities End of Day data file (E.zip) was unfortunately delayed.

As is our customary practice, the JSE will be investigating the root cause of this problem and assessing what measures to take to try and mitigate the specific type of problem from happening again.

The JSE apologizes for the impact to your operations and to the inconvenience to your users of the data.

Market / Service:

JSE End of Day Equity Data Service

Environment(s):

Production
