JSE INTEGRATED TRADING AND CLEARING (ITaC) PROJECT: INSTRUMENT REFERENCE DATA REFRESH IN CUSTOMER TEST SERVICE 2 FEBRUARY 2018

Clients are advised that the JSE will refresh all instrument reference data in the ITaC Customer Test Service (CTS) environments (trading, market data and clearing) for the Equity Derivatives and Currency Derivatives Markets on **Friday evening, 2 February 2018**.

The refresh is part of the CTS process to align reference data to production data as requested by clients. The related trading reference data client csv files available for download via the Information Dissemination Portal (IDP) will also be refreshed in accordance with the Services Document [Volume 09D - JSE Reference Data Management](#).

Clients are therefore advised that:

- On **Friday, 2 February 2018** the **ITaC CTS** environments will be brought down at 16h00 for the refresh and will **not be available** to clients during this time
- **Normal service** for the ITaC CTS environments will resume on **Monday, 5 February 2018**

Please contact the Customer Services Centre (CSC) if you have any queries at CustomerSupport@jse.co.za or +27 11 520 7777.
