## BDA STATUS INTIMATIONS - DSTAT

Members are advised that the filter problem experienced on the DSTAT screen since the beginning of this week has been resolved.

In addition to this the STATUS filters on the selection panel of DSTAT have been enhanced to accommodate new statuses. The OLD Status options will remain in operation until close of business today 31 October 2014 on deals transacted up to 24 October 2014, thereafter they will fall away.

The new STATUS options are:

C	Committed
N	Not Committed to
S	Settled
L	Commit Lifted
X	Cancelling
Z	Cancelled

These options are effective immediately on deals transacted since 27 October 2014.

The new DSTAT selection panel is displayed on the following page.

### Market / Service:

BDA

### Environment(s):

Production

### Additional Information:
