INDICES AND EQUITIES - FIELD LENGTH CHANGES ON SPECIFIC FIELDS IN THE EOD FILES - **POSTPONEMENT**

Further to Notice 11614 that was issued earlier in the year, clients are to take note that changes (as pointed out below) intended to take place this weekend effective for the 17th November 2014 have since been **postponed**.

A number of clients requested more time to conduct testing and make the necessary changes on their side, therefore the decision was made to allow more time.

A revised date will be confirmed and communicated in due course.

The JSE apologises for the inconvenience.
