Equity Market - 2015 JSE Participant Test Weekend (PTW) Schedule

A Participant Test Weekend (PTW) is an opportunity for clients to conduct their own scripted or unscripted testing in the JSE Equity Market Trading and Information production environment on a non-business day (normally a Saturday).

It is an **optional** test and is available to all current production users of these services.

During the PTW, clients will be able to connect to the Equity Market Trading and Information Gateways and receive multicast data in order to verify system configurations and prove live system connectivity. In addition, clients can utilise the PTW service to test system performance, disaster recovery procedures and a variety of business continuity scenarios.

Clients are advised that the **Participant Test Weekend schedule for 2015** is as follows:-
