## BUG FIX TO TRAILER RECORD BD999 OF ALL BDA UPLOADS

Members are advised that from Thursday, 27 October 2016 we will implement a change to the BDA uploads to correct a bug where the total records are not being validated correctly on the trailer record.

The fix will ensure that if the total records listed on the trailer do not match the number of records within the file the entire file will be rejected.

The purpose of this validation is to prevent incomplete files from being processed.
