The JSE will be performing unplanned network maintenance on Saturday, 26 November 2016.

The Equity Market trading system will be started up on **Saturday, 26 November 2016**, for the duration of the day. The JSE does **not** require clients to participate in this change. However, clients must ensure that their production systems are **shut down** prior to the systems start-up tomorrow, to ensure that they do not receive and process any test data.

The JSE appreciates your co-operation in this regard.
