INTEREST RATE AND CURRENCY DERIVATIVES MARKET NEW DLL FOR BRANCH ROLL OVER FUNCTIONALITY

The JSE encountered an issue with the Interest Rate and Currency Derivatives Branch Roll over functionality on the Nutron Trading Frontend.

When using the roll-over functionality on the report only upload template by a branch member, an error is returned restricting the ability to roll over the required position/deal.

A DLL file has been made available to correct this defect.

We encourage all dealers of branch members of the Interest Rate and Currency Derivatives Market to download the following DLL and save it into their running directory:

https://www.jse.co.za/content/Downloads/IRC_RollsNutron_20161208.zip

Please contact customersupport@jse.co.za should you have any questions

Market/s:

JSE Interest Rate and Currency
Derivatives Market
