JSE BUSINESS CONTINUITY MARKET FORUM

The JSE would like to re-establish the Business Continuity Market Forum with market participants. This forum will be used as a platform to discuss and share business continuity and disaster recovery related information.

We know that our clients have come to expect consistent and reliable operations at the JSE and therefore regard Business Continuity as a vital part in providing our services.

It is intended that the sessions will cover, amongst other things:

- How the JSE will respond to events that significantly disrupt our business.
- How clients should connect to JSE systems/services if disaster recovery procedures are invoked.
- Scheduled disaster recovery tests for 2015 and the required level of participation.
- JSE services available at the Remote Disaster Recovery Site.
- JSE's power contingency plans.

Who should attend?

- Compliance Officers/Business Continuity Management (BCM) coordinators.

Frequency:

- Three times a year.

It should be noted that we cannot accommodate everybody in the forum but in order to manage the size of the forum, we require one representative from a firm. If you are not able to participate in the forum, we will ensure that feedback is provided to the rest of the market participants.

If you have the time and skills to participate, please nominate yourself by completing the information on the attachment and returning it to BusinessContinuity@jse.co.za by no later than close of business on Friday, 20 March 2015.
