SCHEDULED MAINTENANCE OF THE INFORMATION DELIVERY PORTAL (IDP) AND BONDFTP SERVICE OFFERING – SATURDAY, 21 MARCH 2015

In order to provide clients with an optimal file dissemination retrieval system, the JSE will be conducting scheduled maintenance on IDP, which is the JSE's FTP server. The maintenance to IDP will also address issues which were previously identified.

Clients are to take note that all changes will be made by the JSE and no changes are required to be made on the clients end.

The maintenance is scheduled for Saturday, 21 March 2015 and client participation is optional.

The testing period will be between 09:00 and 10:00.

If you would like to participate in the test, please send your details to customersupport@jse.co.za

Market / Service:

End of Day Products (IDP)

Environment(s):

Production
