## BDA PSTATS - SUMMARY STATISTICS MONTH END REPORT ISSUE

Members are advised that a problem was identified with the February month end Summary Statistics report (PSTATS), produced on 24 February 2018 for value date 23 February 2018. The Month to date figure in the report erroneously included duplicated values for the daily transactions of 23 February 2018. This would cause the month to date values to have been overstated on the report.

The month-end report was re-created and resent to all users on 4 March 2018 with the corrected figures.

We apologize for the inconvenience caused.
