## Service Hotline

### JSE Equity Market – Test Schedule for Production Testing 5 April 2014

Further to Service Hotline 21413 issued 30 December 2013, clients are reminded of the JSE production changes and testing scheduled for Saturday, 5 April 2014.

This test is a **key activity** to prove the go live **configuration changes** to the **Equity Market production system** as well as the **new Gateways** being introduced as part of the **JSE Colocation Service** go live on 12 May 2014.

**Client testing** will take place **between 08h30 and 11h00 SAST**. During the test the JSE will **simulate a normal business day** including trading session transitions. Clients will be able to **confirm their connectivity** to all the Gateways they subscribe to, the flow of **multicast data** as well as existing **order and trade confirmation functionality**.

Due to the complexity of the changes to the Equity Market production system, the test on **Saturday, 5 April 2014** will be a **full market facing test** and participation in the test is **Mandatory**.

Clients must please **forward their key contact details** for this test to [CustomerSupport@jse.co.za](mailto:CustomerSupport@jse.co.za) or +27 (0)11 520 7777 **by no later than** close of business on **Wednesday, 2 April 2014**.

Please refer all queries to Customer Support on +27 11 520 7777.
