Equity Market Trading and Information System – Participant Test Weekend (PTW) 12 April 2014

As per JSE Service Hotline 194/2013 issued 29 November 2013 and JSE Service Hotline 5014 issued 20 March 2014, clients are reminded that this coming weekend, Saturday, 12 April 2014, has been made available as a Participant Test Weekend (PTW) in the production environment. During this test the JSE Equity Market Trading and Information System will be brought up and test data will be published.

All clients **NOT** participating in the PTW are requested to ensure that their Equity Market Trading and Information **systems are shut down** during the weekend to ensure that they **do not receive and process any test messages** published during the test.
