UPDATE TO CLMNT - INTEREST PROCESSING FLAG

With reference to BDA Hotline 73/2017 CLMNT - INTEREST PROCESSING FLAG members are advised of a change to the program in that it now defaults to 'B' for **Both** types of interest to be processed when loading a new account.

This may be easier than having to load the field each time but members must take into account the requirements of the client whose account they are loading and change the value if necessary.
