JSE INTERNAL TEST WEEKEND 5 MAY 2018

The JSE is planning routine testing on Saturday, 5 May 2018. This will affect all member firms of the JSE Equity Market including Live and End of Day Information Subscribers for JSE Equity Market data products.

The Equity Market trading system will be started up on **Saturday, 5 May 2018**, for the duration of the day, so that the JSE can prove the success of the change. Clients must ensure that their production systems are **shut down** prior to the systems start-up (preferably the evening before the scheduled change), to ensure that they do not receive and process any test data.

The JSE appreciates your co-operation in this regard.
