QUARTERLY REVIEW OF TRADING LIQUIDITY RATING, EXCHANGE MARKET SIZE (EMS) SEGMENT AND SECTOR ALLOCATION – MARCH 2023

The JSE reviews the Trading liquidity rating, EMS, sector, and segment allocation of each security on a quarterly basis.

The liquidity review is based on the Average Value of trades calculated over a 3-month period. Ratings are assigned to each security which would determine whether the instrument is Liquid or Less Liquid for trading. Liquidity ratings are assigned as follows:

- 1 – Highly Liquid for Trading
- 2 – Normal Liquid for Trading
- 3 – Less Liquid for Trading

Changes to the liquidity rating, EMS, sector and segment allocations will be affected as part of the Quarterly JSE/FTSE Index Review. The attached changes will therefore be effective from start of business on Monday, 20 March 2023.
