### CDM | MARKET DEPTH INCREASE ON WHITE MAIZE CONTRACT TO 18

The JSE would like to inform market participants of its decision to increase the order book market depth on White Maize contract (WMAZ) from the current depth of 9 to 18. As a result, market participants will be in a much better position to assess their pricing positions on the order book even in times of increased volatility.

The JSE will monitor the impact of this market change on a continual basis to ensure there is as little disruption as possible to the market.

Participants are encouraged to communicate any concerns to the JSE.

The change will be effective from Monday, 04 March 2024.
