

## SERVICE HOTLINE

**Number:** 097/2024  
**Date:** 11 July 2024

**Name and Surname:** Martin Koch  
**Designation:** Head - Trading Operations

### JSE RELEASE 7.7 – MIT UPGRADE CTS RELEASE AND PRODUCTION GO-LIVE DATES

This Service Hotline refers to [Service Hotline 047/2024](#) and [Service Hotline 080/2024](#) as previously published and provides further details relating to Release 7.7 (MIT Upgrade 2024).

Clients are reminded that the deployment date into the JSE test environment, CTS Release (formerly CTS 2A) will be **Friday, 12 July 2024**, on which date the environment will not be available to clients this will also include the RTC CTS environment. CTS Release will be available on **Monday, 15 July 2024** with the new code.

The Go-Live date for Production will be **Monday, 4 November 2024** and the code will be deployed on **Saturday, 2 November 2024** with the system remaining up for the remainder of the day for any testing, which is highly encouraged. These dates mitigate the impact to the JSE Client-facing Resilience test on Saturday, 19 October 2024 and ensures less variables in the production environment before the test.

The summary of the release can be found on the JSE Client Portal under the Technical Library as well as the updated APIs here:
