REAL-TIME CLEARING (RTC) 1.36.1 UPGRADE - DEPLOYMENT ACTIVITIES AND GO-LIVE

Clients are advised that as a result of the successful market facing Dress Rehearsal on 16 July 2022, the Real-Time Clearing version 1.36.1 **Go-live** is confirmed as previously scheduled on **Monday, 25 July 2022**.

The RTC production environment will be offline from 23h00 on Friday, 22 July 2022 and customers are advised to shut down their systems before this time. JSE internal production release activities will take place on Saturday, 23 July 2022.

The RTC production environment (RTC version 1.36.1) will be available for connectivity on Monday, 25 July 2022 at 06h00. Passwords will be unchanged for all connection ID's.

Clients are reminded that there are no layout changes to existing EMAPI messages or new messages in this upgrade, clients are however required to align their systems for the version change.

We thank you for your continued support and effort in delivering this initiative.
