ENHANCED FUNCTIONALITY CHANGES - MIT

Further to [Service Hotline 153/2021](#) issued on 22 July 2021, market participants are reminded of the next MIT release - which includes enhanced functionality to the Equity, Equity Derivative and Currency Derivative Markets. Please note that the changes included in this release are non-mandatory API changes.

The Go-Live is scheduled for Monday, 30 August 2021 with the final deployment taking place on Saturday, 28 August 2021.

A reminder that the release will include:

1. Delayed Block Trade Enhancement
2. Indicative Commission Field Enhancement
3. JSE Monthlies at End of Day

Please note, the Delayed Block Trade Enhancement **will not be enabled over this weekend**. The go-live will be communicated in due course.

For more details pertaining to the release, please refer to the JSE Trading Release Document available on the JSE website under "Next Functional Release" using the following link: <https://clientportal.jse.co.za/technical-library/trading-and-market-data-documentation>
