JSE CLIENT FACING FIREWALL REPLACEMENT PROJECT

Clients are advised that we are in the final planning phase of the JSE Client facing Firewall Rejuvenation project scheduled for January - March 2024.

The JSE Team will embark on a phased approach over three months to refresh the hardware and perform a cleanup of firewall rules.

Kindly note that migration and testing will commence according to the dates below:

- Customer Test Service (CTS) - 13 January 2024
- Real Time Clearing (RTC) Production & Trading Production - 10 February 2024
- Colocation - 9 March 2024

It will be mandatory for all clients to conduct technical connectivity tests post the implementation of the firewall change.

Clients will be required to perform telnet tests to the respective systems and confirm the receipt of multicast on all data feeds which are subscribed too.
