## SERVICE HOTLINE

**REFERENCE NUMBER: 188/2021**

15 September 2021

### DIESEL CONTRACT PROJECT UPDATE - DRESS REHEARSAL REMINDER – 30 OCTOBER 2021

Clients are referred to [JSE Service Hotline 129/2021](#) issued on 15 June 2021 for an update on the testing plan for the Diesel contract.

The JSE has successfully deployed the system changes implemented for the Diesel contract in the CTS environment and client testing has commenced since 16 August 2021.

Testing is still on track and the planned Go Live Date has not changed, 22 November 2021.

As connectivity and testing is necessary to ensure a successful implementation, a client facing Dress Rehearsal will be mandatory for all market participants. The timelines are as follows:

- Market Facing Dress Rehearsal – Saturday, 30 October 2021
- Go Live – Saturday, 20 November 2021

The JSE recommends that members perform comprehensive tests to ensure they can perform their operational duties. There will be a dress rehearsal guideline that should be applied to recommended testing.

The JSE will be requesting signoff for the dress rehearsal from Clearing Members, Information Subscribers and Trading Members to ensure that the tested items are performing as expected and all participants are comfortable and ready for Go-Live.

#### Market / Service:

JSE Derivatives Market

- Commodity Derivatives Market

#### Environment:

Production
