UPGRADE TO THE COMMODITY DERIVATIVES NUTRON TRADING SYSTEM 2021 – CHANGES TO THE API – MARKET DRESS REHEARSAL

The JSE wishes to inform all Commodity Derivative participants of the Diesel Contract project update as previously reported on [Service Hotline 188/2021](#)

Go-live dates are confirmed as follows:

Monday, 22 November 2021, deployment will be on Saturday, 20 November 2021.

In preparation for Go-Live, the JSE notified participants of the **mandatory Dress Rehearsal that will take place on Saturday, 30 October 2021 for all Trading Members, Clearing Members and Information Subscribers. All participants are required to provide the JSE with signoff after completing a successful Dress Rehearsal.**

A detailed guide for the dress rehearsal will be published to market participants in the coming weeks.

Clients are required to be available for testing from 09:30 a.m. Below is a high-level schedule:

A	JSE System start up	09h00 – 09h30
B	Connectivity Testing	09h30 – 10h00

Issued By:

Commodity Derivatives Division - Capital Markets

The following link contains the detailed requirements for the dress rehearsal:

File must be saved on the website and a link needs to be updated in the hotline. It is important for clients to test their daily processes and downstream systems, even if there are guidelines on functionality to test.

Prior to the dress rehearsal, clients are urged to download the latest version of Nutron from the link below:

<https://clientportal.jse.co.za/Content/Downloads/Nutron%20Diesel%20Test%20v05041.zip>

To ensure appropriate SMS and email distribution lists are created for the day of the dress rehearsal, key contacts for each firm must be submitted to customersupport@jse.co.za on or before 25 October 2021 at 10:00 AM.

Upon completion of the test, all clients are urged to revert to the production version of Nutron and Clearing system.

There are no IP address changes required for the Production environment and the IP address is the same.

IP address: 196.216.152.131

Port: 2210
