## SERVICE HOTLINE

**REFERENCE NUMBER: 212/2021**

25 October 2021

### **EQM, EDM AND FXM MARKET PARTICIPANT TEST WEEKEND (PTW), INCLUDING GATEWAY FAILOVERS ON THE 30 OCTOBER 2021**

Clients are reminded that, Saturday, 30 October 2021, has been made available as a Participant Test Weekend (PTW) in the production environment.

During this test the below Market Services will be brought up for Trading and Market Data

- Equity
- Equity Derivatives including RTC
- Currency Derivatives including RTC
- Agricultural, Interest Rate and Bond Market (Download Period Only)

**Kindly note that during this PTW we will be testing failover scenarios whereby the below events will take place:**

12:00pm - The JSE will failover all the Market Data gateways by dropping the A feed and the B feed will become the primary feed. There will be only this one feed available for 15min.

The replay and recovery channels will failover to the secondary IP addresses.

12:15pm - The JSE will bring all the Market Data A feeds up which will now be available as the secondary feed.

12:30pm - The JSE will failover all the Trading gateways this includes Native Basic and Enhanced, FIX Trading Drop Copy and Post Trade Gateways.

It is important to note that the FIX connection failover will require the secondary IP addresses to be used with the same ports being used for connectivity.

#### **Markets / Services:**

JSE Equity Market  
JSE Derivatives Markets

- Equity Derivatives
- Currency Derivatives

#### **Environment:**

Production

#### **Additional Information:**

If you have any queries about this announcement, please contact the Client Service Centre on +27 11 520 7777 or e-mail [CustomerSupport@jse.co.za](mailto:CustomerSupport@jse.co.za)

#### **Issued By:**

Client Service Centre

The JSE will complete the PTW on the secondary feeds as the primary market data feeds and will not fail back to primary feeds. This is expected production behaviour should this event materialise.

All clients **NOT** participating in the PTW are requested to ensure that their Trading and Information **systems are shut down** during the weekend to ensure that they do not receive and process any test messages published **during the testing period**.
