**SUBJECT:** SOYA BEANS STANDARD STORAGE RATE AND CONFIRMATION OF DELIVERY POINTS FOR THE 2017-18 MARKETING SEASON

**Name and Surname:** Chris Sturgess  
**Designation:** Director: Commodities & Key Client Management

---

Dear Market Participant,

**1. Standard storage rate for soya beans**

The standard storage rate for the marketing season 1 March 2017 – 28 February 2018, will be increased based on the PPI rate as published in December 2016, namely 6.9% and so the standard storage rate applied to outstanding storage in completion of a futures contract will increase to **R0.75 per ton per day**.

Please ensure that when making delivery of JSE silo receipts issued in the previous marketing season, all storage is paid up to and including 28 February 2017. Failure to comply means that the storage operator reserves the right to apply a 10% penalty to the total outstanding storage amount as per the JSE Rules.

**2. Registered delivery points**

Please note that the attached 158 delivery points are registered for delivery all on par since no single reference point exists for the futures contract. We have added Winterton Bunker belonging to Afgri and Standerton Cofco belonging to Cofco. These two delivery points were already approved for commencement 01 March 2017.

Storage operators are again reminded that application for registration of delivery points for the 2018/2019 is now open and this will have to be closed as soon as March 2018 expiry is introduced for trading.

Should you have any queries please contact me directly or Raphael Karuaihe on 011 520 7039 or e-mail [commodities@jse.co.za](mailto:commodities@jse.co.za)
