---

Kindly take note that the Department of Agriculture, Forestry and Fisheries (“DAFF”) ordered AFGRI Grain Management a division of AFGRI Operations Limited (“AFGRI”) in terms of the Agricultural Pests Act 36 of 1983 to observe and carry out the provisions of a particular control measure with respect to the AFGRI silos at Marble Hall. More specifically there is a suspected occurrence of Karnal Bunt, and as a result AFGRI has been ordered not to remove any of the commodities in its silos at Marble Hall unless the movement is authorised by DAFF by means of a removal permit.

Afgri is currently actively engaging DAFF to obtain the necessary special permits for the movement, storing and processing of infected commodity under a set of stipulated conditions. All participants who own product in this delivery point are encouraged to contact Afgri who have undertaken to assist with the permit application process.

Since JSE long position holders will not be able to take delivery in completion of a futures contract this delivery point will not be accepted until this issue has been resolved. Therefore please note that with specific reference to wheat deliveries, Marble Hall is temporarily suspended as a JSE registered delivery point.

If there are any further questions please feel free to contact either myself or Raphael Karuaihe on 011 5207039.
