- ☐ Bond ETP Market

Date: 01 July 2025

SUBJECT: TREATMENT OF TELKOM SA SOC LIMITED (TKG) - CORPORATE ACTION – SPECIAL AND CASH DIVIDEND 9 JULY 2025 (EX. DATE)

Name and Surname: Matthias Kempgen

Designation: Chief Information & Operating Officer – JSE Clear

Members' notice is drawn to section 13 of the contract specifications of Individual Equity Futures and options, which states:

“13. Corporate Events

The JSE reserves the right to adopt any procedure or to adjust any single stock future or option on a single stock future, in a manner it deems fit, to deal with any extraordinary corporate events that may occur from time to time in relation to a share that is the underlying instrument of the equity option and to notify position holders, derivatives members and any other interested parties, of such event and the procedure or adjustment adopted. Such events include, for example, mergers, take-overs, unbundlings, capitalisation issues and rights issues.

The implication of this is that anybody trading in Single Stock futures or options on Single Stock futures in which the underlying stock is the subject of an extraordinary corporate event should be aware that the JSE may make adjustments to the Single Stock futures and options.

Special and Cash Dividend

Telkom SA SOC Ltd (TKG) has declared a special dividend of 97.82051 cents per share and cash dividend of 163.04723 cents per share. With regards to this corporate action, the following adjustments will be made to **TKG** positions on 09 July 2025 (**Ex-date**). The adjustments will be made to positions held as at close of business on 08 July 2025 (**LDT**).

IMPORTANT NOTE for position holders:

Certain types of corporate actions require futures and options positions to be adjusted. This is done by applying the relevant position factor (determined as per published methodologies). The application of the position factor often results in decimal values, as a result rounding is a key part of the corporate action processing.

Therefore, current positions multiplied with the factor are rounded up or down to the nearest whole contract which determines the adjusted position. Smaller positions (depending on the factor) may as a result not receive additional contracts.

Please refer to the published guidance note for details:

<https://www.jse.co.za/content/Guidance%20Notes/ITaC%20Guidance%20Note%20on%20Corporate%20Actions.pdf>

Adjusted positions will be created at an initial value of zero.

Please note:

Position adjustments will be made to all contracts where **TKG** is the underlying share. These contracts include:

1. POSITION FACTOR

The positions will be adjusted by the following factor:

Calculation of position factor:

Spot price / adjusted price

Where:

Spot price = the official closing price of the underlying share on **08 July 2025 (LDT)**

Adjusted price = Spot price – **0.978205 (Special Dividend)**.

Example: If the official closing price of the underlying shares on 08 July 2025 (**LDT**) is 52.58, the following would apply:

Spot price = 52.58 – 1.630472 = **50.94953**

Adjusted price = 50.94953 - 0.978205
= **49.97133**

Position factor = 50.94953/ 49.97133
= **1.019575**

I.e. Current positions*position factor (rounded to nearest whole contract) = the number of total contracts. Adjusted contracts will be created at an initial value of zero.

1. OPTION FACTOR

- a. The positions on options will be adjusted by the position factor.
- b. The option strikes will be adjusted by the options factor:

Calculation of options factor (based on the example above):

Adjusted price / spot price.

Options factor = **49.97133/ 50.94953**
= 0.980801

Example: if the old strike is 100 the following would apply: -

New strike = Old strike * options factor
= 52.57 * 0.980801
= **51.56**

Existing positions will be closed out at a 0 value and new positions opened at the new strike with a 0 value.

2. CFD CONTRACTS

Current positions*Factor (rounded to nearest whole contract) = the number of total contracts. Adjusted contracts will be created at an initial value of zero.

TREATMENT FOR ALLOCATION ON ADDITIONAL CONTRACTS

With the implementation of ITaC, the JSE has enhanced the position adjustment process.

Please see link below to the Guidance Note issued on treatment of corporate actions as distributed in October 2018 and specifically refer to Section 8 for details of the position adjustment process:

<https://www.jse.co.za/content/Guidance%20Notes/ITaC%20Guidance%20Note%20on%20Corporate%20Actions.pdf>
