8 AUGUST 2024 (EX-DATE)

**Name and Surname:** Matthias Kempgen

**Designation:** Chief Information & Operating Officer – JSE Clear

Members notice is drawn to section 13 of the contract specifications of Individual Equity Futures and options, which states:

### “13. Corporate Events

The JSE reserves the right to adopt any procedure or to adjust any single stock future or option on a single stock future, in a manner it deems fit, to deal with any extraordinary corporate events that may occur from time to time in relation to a share that is the underlying instrument of the equity option and to notify position holders, derivatives members and any other interested parties, of such event and the procedure or adjustment adopted. Such events include, for example, mergers, take-overs, unbundlings, capitalisation issues and rights issues.

The implication of this is that anybody trading in Single Stock futures or options on Single Stock futures in which the underlying stock is the subject of an extraordinary corporate event should be aware that the JSE may make adjustments to the Single Stock futures and options.

### Sub-division

**Microstrategy Inc (MSTRI)** shareholders will receive 10 MSTRI shares for every 1 MSTRI share held. With regards to this corporate action, the following adjustments will be made to MSTRI positions on 8 August 2024 (**Ex-Date**). The adjustments will be made to positions held as at close of business on 7 August 2024 (**LDT**).

**IMPORTANT NOTE for position holders:**

Certain types of corporate actions require futures and options positions to be adjusted. This is done by applying the relevant position factor (determined as per published methodologies). The application of the position factor often results in decimal values, as a result rounding is a key part of the corporate action processing.

Therefore, current positions multiplied with the factor are rounded up or down to the nearest whole contract which determines the adjusted position. Smaller positions (depending on the factor) may as a result not receive additional contracts.

Please refer to the published guidance note for details:

<https://www.jse.co.za/content/Guidance%20Notes/ITaC%20Guidance%20Note%20on%20Corporate%20Actions.pdf>

Adjusted positions will be created at an initial value of zero.

**Please note:**

Position adjustments will be made to all contracts where MSTRI is the underlying share. These contracts include:

Contract Code	JSE Instrument Type
13DEC24 MSTRI CSH	INTERNATIONAL EQUITY
13DEC24 MSTRI CSH DN	International Dividend Neutral
13JUN25 MSTRI CSH	INTERNATIONAL EQUITY
13JUN25 MSTRI CSH DN	International Dividend Neutral
16SEP24 MSTRI CSH	INTERNATIONAL EQUITY
16SEP24 MSTRI CSH DN	International Dividend Neutral
17MAR25 MSTRI CSH	INTERNATIONAL EQUITY
17MAR25 MSTRI CSH DN	International Dividend Neutral

**Positions adjustment on Futures**

- The positions on futures will be closed and new adjusted positions will be opened by applying the position factor formular.
- Existing positions will be closed out at 0 value and new positions opened at 0 value.
- Positions factor formular = Resultant (10) / Source (1).

Example:

Position on LTD: +100 13DEC24 MSTRI CSH DN

Position on EX Date: +1000 13DEC24 MSTRI CSH DN

I.e. Current positions\*position factor (rounded to nearest whole contract) = the number of total contracts.

**TREATMENT FOR ALLOCATION ON ADDITIONAL CONTRACTS**

With the implementation of ITaC, the JSE has enhanced the position adjustment process.

Please see link below to the Guidance Note issued on treatment of corporate actions as distributed in October 2018 and specifically refer to Section 8 for details of the position adjustment process:
