SUBJECT: REQUEST FOR INFORMATION TO ASSIST WITH DETERMINATION OF LOCATION DIFFERENTIALS FOR WHEAT 2023/24 MARKETING SEASON

Name and Surname: Anelisa Matutu

Designation: Head - Commodities

Dear Client

The new Wheat marketing season commences 1 October 2023. We kindly request all interested participants to provide input to ensure the published location differentials most accurately reflect the cost of transportation from the registered delivery point to Randfontein.

Attached to this notice is a separate spreadsheet with all registered wheat delivery points, with a column provided for participants to enter their road rates to Randfontein. Please also supply an indication of the total tonnages of wheat moved by the logistics company, in order to weigh their contributions in the marketplace.

The JSE will use 34 tons as an aggregate payload for wheat, as was agreed upon with transporters.

All contributions should reach the JSE by no later than Thursday, 17 August 2023 to be included in the calculation process.

Should you have any queries regarding this Market Notice, please e-mail: commodities@jse.co.za
