Dear Client

CSD Services - 2023 fee adjustments

As a central securities depository (CSD), Strate serves the South African financial market ecosystem through the safekeeping of the legal, digital record of securities ownership, and providing associated settlement and asset servicing services. Strate's priority is to maintain an efficient, robust and sustainable financial market infrastructure to enable us to deliver on our core mandate at all times.

In determining our 2022 fee strategy in consultation with the broader market, we agreed on a 2% annual increase across all CSD Services fee lines for the period 2022 to 2024. This excludes cap and floor adjustments as these will be reviewed annually in line with inflation expectations.

Strate has therefore applied a 2% fee increase to all fee lines per Strate's fee schedules, which will come into effect on 1 March 2023.

The fee schedules reflecting these changes are attached for your information.

Kindly let us know if you have any questions or require any clarification.

Please be assured of our ongoing efforts to ensure Strate continues to serve the financial markets, considering the best interests of all stakeholders.

Yours sincerely,

Gregory Naicker
