Dear JSE Stakeholder

Please be informed that new spread series margin requirements (SSMRs) for the Currency Derivative markets have been recalibrated and will be implemented on **Monday**, **2 September 2024**.

The Series Spread Margin Requirement (SSMR) parameter determines the amount of margin offset between instruments whose CSGs are linked to the same Series Spread Group (SSG).

This annual update will result in an estimated 0.0341% overall decrease in margin across the market.
