Except for bolded sites, which are new registrations, all the other delivery points are pre-existing and registered for variety of commodities. Please note the JSE has received an independent audit report for the additional sites and the JSE is comfortable it meets all the requirements as per Appendix D of the Detailed Agricultural Contract Specifications. The JSE is aware of the two existing sites that fall short of the minimum 500ton out loading criteria and has a firm undertaking from the NWK that they will work the additional hours at their own expense to ensure compliance with the JSE criteria.

Please review the above request, and if you have any reservations with its inclusions as a registered oilseeds delivery point, please submit them to [commodities@jse.co.za](mailto:commodities@jse.co.za) by Monday, 7 March 2022. We will subsequently issue a final market notice confirming the application's decision.
